Replacing Your Old Patio Doors Begins With Selecting
The Right Replacement Company

We offer a wide range of options for your home and lifestyle—just call us at **1-866-4 FELDCO** for a free in-home consultation.

A Window of Opportunity

Feldco™ began with one man. One product. One goal.

Today, there are more than 200 people in our Feldco™

Family, several design center showrooms and an

expanded product line of superior replacement

windows, siding and doors, but there's still only one goal:

To improve the value of your home while improving the

quality of your lifestyle.

We created our **Sophia Series** Patio Door to provide safety, security, comfort and ease of ownership. Think about it, for most of us, a patio door is the largest window in our home. Now, you no longer have to sacrifice strength, efficiency and security for lasting beauty.

- Sophia Series fully-welded construction, aluminum reinforcement and superior wedging interlock provide a tight seal between the sashes, keeping winter's chill and summer's heat at bay.
- Our exclusive monorail track design allows for smooth and easy operation. Nobody likes a stuck or wobbly door!
- Security is a design priority with keyed, dual-point grappling hook locks with four locking points.
- A standard recessed security bolt is mounted on the trailing edge of the operating sash for extra safety and as an added prevention against forced entry.

“I am very pleased with the job and will gladly recommend Feldco™ to family and friends..” L.B. Oak Park, IL

There is never a replacement for quality

Easy Living

- Sophia Series monorail track design and anti-tracking system will make your new patio door glide smoothly
- Our hanging screen with “Accu-Track” also helps ensure smooth operation
- A grooved aluminum walking plate provides an area to scrape off dirt and soil, keeping your home cleaner – a thoughtful addition

Solid Performance

- Sophia Series has fully-welded construction for rigid, long lasting performance
- 1 3/16" Insulating glass with warm-edge technology
- 5', 6', and 8' two-panel configurations
- Tested to AAMA's strict standards
- NFRC tested

Security is beautiful - Sophia Series doors feature

- Superior wedging interlock provides increased security and helps keep nasty weather at bay while letting you enjoy a beautiful view
- External key lock
- Standard dual-point grappling hook lock increases security by drawing the sash to the frame
- Recessed security bolt acts as an extra lock or allows for secure, partial ventilation—another ingenious touch

These upgrades add even more value to your home

- Elegant brass or brushed nickel locking door handle
- Multi-point lock with key
- Natural wood grain paintable/stainable interior synthetic laminate in pine or oak
- Dual glazed insulating glass with LoE2 and argon gas
- Maintenance-free colonial muntins

Color Options

- White**
(Standard)
- Safari Brown**
- Earthtone**
