To Whom It May Concern:

I am writing to thank Feldco for making my window replacement such a pleasant experience. My husband and I went to your West Allis store and were impressed by the knowledge and thoroughness of the salesman. We had looked around at other windows but felt that the Feldco product was superior. Everyone we encountered was very professional and a pleasure to work with from the first measurement through installation. Our windows were installed all in one day and everything was thoroughly cleaned up. We are very pleased with our windows and with the wonderful treatment we received from all your employees. Thanks again!

Sincerely,

Clare S
